# MYERS TANKS

## Used Oil Storage Tank System - MD (MEDIUM DUTY)

UL 142, ULC-S652-1993, ULC/ORD-C142.22-1995, CAN 4/ULC-S630-M84, CSA Standard W47.1-1992

Designed for the Storage of Used Oil

Available in 4 sizes

### Applications:

Medium Duty Systems are recommended for areas where light traffic exists, such as cars, light trucks and small equipment and are designed to withstand mild impacts. These tanks may be converted from used product collection and storage to new product storage and dispensing.

Please contact us for more details.
