

MYERS TANKS

Used Oil Storage Tank System - HD (HEAVY DUTY)

UL 142, ULC-S652-1993, ULC/ORD-C142.22-1995, CAN 4/ULC-S630-M84, CSA Standard W47.1-1992

Designed for the Storage of Used Oil

Available in 3 sizes

Applications:

Heavy Duty Systems are recommended for high traffic areas where impacts may be expected, such as construction sites and woodland operation. These tanks may be converted from used product collection and storage to new product storage and dispensing.

Please contact us for more details.
